PRACTICE #6:

➤ Read and then answer the questions

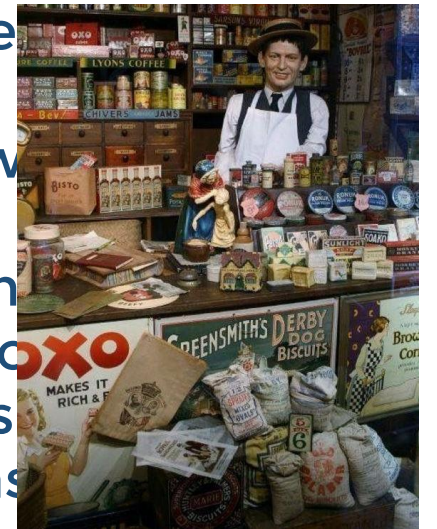

People from many corners of the world have always wanted to live the “American dream” in the land of prosperity and from Asian Indian Population it was no different.

The first wave of immigration, between 1900 / 1920, consisted of young male Sikhs who married Mexican women and created the so-called “Mexican Hindu” culture.

The second wave happened between 1965 and 1990. At that time, those immigrants owned small businesses such as restaurants, travel agencies and motels.

The third wave came in the early twenty-first century: those who had technology-based skills, degrees and professional talents were allowed to enter “Uncle Sam’s land”.

At some points around 2000, the size of the Asian Indian population in the U.S. exceeded one million. Nowadays, they are a diverse group: they come from different parts of India and other countries as well, such as England, Tanzania, Guyana and Trinidad. They follow different religions including Hinduism, Sikhism and Christianity.

The background is a vibrant purple space scene. At the bottom center, a stylized Earth globe is visible, covered with numerous colorful location pins in red, green, blue, and yellow. Several floating islands in shades of light purple are scattered across the scene. Multiple Kahoot! logos, which are small rectangles divided into four colored squares (red, blue, yellow, green), are floating in the space. A rocket ship with a yellow nose and red body is depicted launching from a purple island on the right side. The word "Kahoot!" is written in a large, white, bold, sans-serif font in the center of the image.
