tip

When you scan a text, first identify what information you need to find. Then quickly look through the text to find it.

Gadget World

Gadget World has the latest electronic gadgets at the best prices!
Here's a selection of this month's hot offers.

Voice
Controller

Control your stereo, DVD, TV... everything, with your voice. For example, "CD on" turns on your stereo, selects the CD, and starts playing! Works up to 10 meters, in any direction. Stores 30 commands. Perfect for couch potatoes, and science fiction fans! **\$150**

REVIEWS: *This is fantastic! I've just bought one and it's so cool. Mac*
I've had mine for a month. It's fun ... when it works. Ian

Wonder Watch

This is a USB with a difference. It's a watch! Keep all your files with you wherever you go. 32/64 Gb versions available. **\$200**

REVIEWS: *I bought one for my boyfriend. It's better than carrying a normal USB, because he never forgets it! Sue*
I have one but I haven't used it yet. I can't understand the instructions.
Can you help me? Liam

One-Touch Lock

Put your finger on this lock and your front door will open. Hi-tech fingerprint recognition, like in the movies. And you don't have to cut your finger off to share; it can store up to 25 different fingerprints. **\$1,500**

REVIEWS: *It's expensive, but I love it. Since I bought this, my friends have all been so jealous! Jo*
